Award Introduction

The Red Deer Artwalk Society (1986-2014) believed in the power of art to ignite the imagination, stimulate thought, and provide enjoyment.

The Artwalk Developing Visual Artist Award is a legacy of Red Deer Artwalk Society; the society's remaining funds were donated to the Red Deer Arts Council in 2018 toward the establishment of an annual award available to developing visual artists living and working in Central Alberta.

Objective

The objective of the Artwalk Developing Visual Artist Award is to assist practising visual artists with innovative projects, travel or educational pursuits that contribute to their personal artistic development.

The fund recognizes that committed artists contribute to the positive development of the arts community in Red Deer and Central Alberta. It acknowledges and encourages those artists who have worked at their craft and have become recognized as artists making contributions to the community.

The intention is to encourage artistic creativity, to enable artists to further develop their skills and to improve the ability of artists to create new work.

For the Purposes of this Award, the Visual Arts includes but is not limited to:

painting, printmaking, sculpture, carving, traditional arts, drawing, design, ceramics, photography, fine craft, and new media. Visual arts may include elements of performance art.
